

Wood Shavings

Northeast Ohio Woodworker's Guild

Vol. 5 Issue 1

Next Meeting January 11th at 6:00pm

Bring your tools

At January's meeting we will be doing hands on work sharpening chisels, hand-cutting dovetails and wedged mortise and tenon.

Please bring your chisels, mallet, hand saws (dovetail and tenoning), layout tools (marking gauge, pencils, knife, square), and clamps.

December's Eat and Greet

Thank you to those who brought toys to December's meeting. There were also other great projects shown.

The visit to the Cleveland Museum of Arts show of Arts and Crafts furniture and decorative items was very informative and lead to a good discussion.

Also there was the beginning of a discussion on bringing in guests to do demos during meetings or for a separate weekend class.

The Woodworking Show

Will be in Columbus January 13-15. This is a good chance to see new products and learn new techniques at the free classes See their web site at www.thewoodworkingshows.com for details.
