

# Wood Shavings

Northeast Ohio Woodworker's Guild

Vol. 6 Issue 3

## Tuning and Using a Scraper

### March's Meeting

Scrapers will be the focus of our meeting. Stephen will demonstrate how to create the burr and use a scraper. Please bring your scrapers, files and burnishers to practice with and show what works for you.

Also annual membership dues will be collected at the March meeting. Please have your \$15.00 with you.

If you have made a wooden plane bring it in for the "plane-off."

### Challenge Project

Our next challenge project will be to make a storage box. You are free to make one of your own choice or work along with other members who are making versions of a fine tool chest featured in WoodSmith magazine #151.

### Future Plans

We would like to plan our meeting demonstrations for the next few months so please consider what you could share with the guild members.

There is also interest in bringing in someone to conduct a weekend workshop. If you have suggestions for topics or know of someone to lead a workshop we would like to hear from you at March's meeting.

### February's meeting

February's meeting we took a look at the construction of a couple wooden hand planes Jeff is making.

### Amish Lumber

On Saturday, February 4th there was a successful trip to purchase lumber at an Amish mill in Medina County.
