

Wood Shavings

Northeast Ohio Woodworker's Guild

Vol. 6 Issue 4

Finishing Methods

Meeting Wed. April 12th

Please bring in samples of finishing techniques to show and explain how they were done. Also there will be a demonstration of drilling holes at angles as would be used in chair construction.

Also annual membership dues were due at the March meeting. If you did not pay then please have your \$15.00 with you.

Future Meeting Plans

We would like to plan our meeting demonstrations for the next few months so please consider what you could share with the guild members.

There are contacts being made with a few respected woodworkers to do weekend workshops on design and/or veneering work..

Challenge Project

Our next challenge project will be to make a storage box. You are free to make one of your own choice or work along with other members who are making versions of a fine tool chest featured in WoodSmith magazine #151.

March's meeting

March's meeting was a discussion of the use of scrapers to prepare wood for finishing.
