July's meeting

There were several show and tells. On the business end we proceed with out a president. Individual members will take responsibility for each meeting and we will try to plan two to three months ahead. A few suggestions for future topics were discussions of furniture styles, a pen turning demo, and joinery. A monthly discussion of a type of wood will begin with the next meeting. Also an new Share-a-Tool section to the meetings will be started. This give a chance to show a tool that you find useful. We want to complete the cabinet that was begun last year so we have a place to store guild items.
